

Hello FCC,  
I love my XM radio. The quality, sound, and choice of music and variety stations goes far beyond what is currently offered by the FM and AM services. In addition, I greatly benefit from listening to XM Satellite Radio and its traffic and weather channels. Satellite radio provides variety and quality that are not available anywhere else. I gladly pay for these services and it should not be up to the National Association of Broadcasters to dictate what I am permitted and choose to hear. FCC, I Respectfully urge YOU to REJECT the NAB's petition 04-160 and to support XM's ability to provide the kind of programming that I pay for, demand and deserve.

Do not hinder my freedom of choice!! And my Right to Free Speech!

This is a question of consumer choice and the freedoms protected by the First Amendment!

Respectfully,

Dan McHenry
